Lester Snow
Executive Director, CALFED

Dear Mr. Snow

Please consider this letter a response to the revised CALFED plan.
PLEASE DO NOT RAISE THE SHASTA DAM!!!
I have grown upon California rivers & enjoy the recreational & naturalist uses of the river as an adult.
I support CALFED's proposed restoration goals for the Central Valley, including removing some facilities such as the Englebright Dam. Instead efforts should be heightened to expand efficiency, conservation, & reclamation programs.

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. One of California's greatest strengths are her varied and majestic natural habitats. Please refuse to be a part of their destruction

Sincerely
