The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I believe conservation is the real solution to our Bay Delta problem.
I would like measures to be implemented which do not treat the real cause of our problems. It seems we're just ~~[illegible]~~ treating ~~the~~ symptoms ~~of~~ the problem like creating more canals + encouraging dredging. We should be focusing on the replenishment of the Bay + Delta.
