Problems & Objectives

MEMORANDUM

Date: September 17, 1995
To: Rick Soehren/CALFED
From: Charles Gardiner/PAM
Subject: Workshop #2 Flipcharts
Copies: Ron Ott/CH2M HILL
Pages: 12 (Including cover memo)

Attached are the comments recorded on flipcharts at Workshop #2. It appeared that there was one flipchart missing from the Vulnerability Problems discussion. It could be that they were just number wrong. I have not had a chance to review the audio tapes to check on this or a couple of other minor items that seemed confusing on the flipcharts. This should give you a good start on revising the problem and objectives statements.

I will be working on a draft summary that would be more suitable for distribution this week. I will try to check in with you on Monday, but I am working with Fish & Wildlife all day Monday and Tuesday on budget planning for CVPIA implementation.
