Dear Mr. Snow,

I am writing regarding the CalFed draft plan. Please enter these comments into the formal record for your Draft Progammatic EIR+S. The CalFed Bay/Delta program must include the following revisions:

- no building any new or expanded dams, reservoirs or canals during CalFed's "Stage 1" (first seven years of the program)
- improvement of water quality by preventing pollution at the source
- restoration of our rivers, bays and fisheries by providing firm (enforceable) guarantees of more fresh water flows and protecting riparian areas.

Sincerely,
Melinda Bimberg
