Conservation = Conserv.
#1 People in L.A. should start conserving now. If not - cut the amount piped to L.A. in ½ !!! Who do they think they are? It's our water. Lets see if they have any respect for our water. If it were my choice I would stop it for a day or so and see if they would know the word conserve

This is not only L-A. or south state but all our problem. People, Farmers, Cities, Counties, everyone -- starting with shipping water to the South!

Thank you
