Saturday, 16 May 1998

Dear Lester Snow:

MAY 28 1998

Please oppose all options in Cal Fed that require the construction or enlargement of dams and canals.

Please encourage the conservation of water.

Please support Cal-Fed's restoration objectives for stream flows, stream meander, and water temperatures.

Please respond with your stance on these issues.

Please also oppose upper watershed management that requires logging.

Cordially,

Greg Scott
