CALFED BAY-DELTA PROGRAM

Office Memorandum

Date: November 15, 1995

From: Victor 

Subject: List of Action Categories

The attached table illustrates the development of the action category list. Many of the original action categories have been included or implied in other action categories. However, there are several action categories not included on the list distributed to the public. I have highlighted and tagged these for your review. Please note that the action category descriptions within this table do not reflect the current wording of the action category list.

If you have any questions, please see me.
