6/18/99

T Hannigan

Governor Gray Davis.
State Capitol
Sacramento, CA 95814

Dear Governor Davis:

I am currently writing to urge you to support the CALFED Bay/Delta program. I want you to insure that the CALFED program invests in water efficiency for at least seven years before even considering new dams or reservoirs. My hope is that CALFED will restore rivers, bays, and fisheries by providing adequate fresh water and caring for the land around our rivers. Also, that CALFED will improve water quality for people and wildlife by enforcing pollution limits and stop making taxpayers pick up the tab for studies of new dams and reservoirs (that flood valuable habitat and remove needed water from our rivers).

Please keep me informed of your position on these issues.

Sincerely,
Marty Sochet
