Copy of letter to G. Davis 6/20/99

Today we have a chance to chart a smarter course for California through the "Cal Fed Bay/Delta program — a plan for how to protect and use California's water resources for the next 50 years

IT is important to make a decision today for our future with more and more people demanding water — we must wisely invest in water efficiency, restore bays and rivers, stop making top payers pick up the tab for studies.
