The Color Graphs reflect a "projected" change in land use for those counties which have not been the FMMP inventory since 1984 (e.g. Sacramento, San Joaquin, Siskiyou, western Merced, et al.) The B&W table reflects "actual" land use change for counties inventoried regardless of the date they became part of the FMMP inventory. Average Annual losses/gains therefore differ. Also, Color Graphs is only to 1994
