7/31/99

Lester Snow
Ex. Director, CALFED
1416 Ninth St.
Sacramento, CA 95814

AUG 1 2 1999

I oppose the CALFED plan (revised) because it proposes building additional dams & storage reservoirs.
The State's need for additional water reserves can be dealt by putting resources on water conservancy, reclamation & efficiency.
Our State's ecology should not be harmed because of developmental interests
