Lester Snow
Executive Director, CALFED
1416 9TH ST.
Sacramento, CA 95814

Dear Mr. Snow,

I do not think CALFED's plan to increase water storage in the Central Valley by building reservoirs. CALFED plans to raise the Shasta dam, that would destroy the neighboring areas (ecosystems).

I believe that by increasing water use efficiency would increase our current water supply. I think the restoration goals for the Central Valley is a good idea would help the support the riparian habitat neighboring the rivers.

Please consider this letter as a response to this CALFED plan. Thank You
Ron Wan
