LESTER SNOW 8/7/99
EXECUTIVE DIRECTOR, CALFED
1416 Ninth Street
Sacramento CA 95814

Dear Mr. Snow:

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising dams or building new off stream storage reservoirs. These ~~water~~ massive water diversion projects could be avoided with more sufficient conservation plans.

I support CalFed's proposed restoration goals for the Central Valley.

Additional construction and displacement are

not a sustainable solution. I urge you to consider long term, sustainable solutions,

Sincerely,
Alicia Dougherty
