Lester Snow
Executive Director, CALFed
1416 Ninth Street
Sacramento, CA 95814

Dear Mr. Snow
please consider this letter a response to the revised CALFed plan
I am writing this letter to you from Bank of American river, enjoying a beautiful day on the river. I oppose CALFED's plan to increase surface water storage by building dams & reservoirs.
I urge CALFed to instead expand water efficiency to use our existing water supplies.
I do support CALFed's restoration goals such as removing

Englebright dam since it's important for fish & wild life & recreation

Thanks for your time & consideration

Sincerely
