Dear Mr. Snow:

Please consider this letter a response to the revised CALFED Plan.

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise Shasta Dam would flood segments of the upper Sacramento and McCloud rivers.

I URGE CALFED to instead expand water efficiency conservation, and reclamation programs

I support CALFED's proposal to restore the Central Valley by removing facilities such as the Englebright dam that harms important wildlife areas.

Thank you for your time & consideration.

Most sincerely,

Pam Olson
