AUG 1 2 1999

0321-1

Lester Snow
Executive Director, Calfed
1416 Ninth St.
Sacramento, CA 95814

Dear Mr. Snow:

Please consider this letter a response to the revised Calfed plan.

I oppose Calfed's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs.

Thank you for your time + consideration

Sincerely

Brett Hamilton
