Dear Mr. Snow:

Please consider this letter a response to the revised CALFED plan

I oppose CALFED's plan to increase surface water shortage in the Central ~~County~~ Valley by raising dams and building new reservoirs. Raising the Shasta dam would flood parts of the upper Sacramento and McCloud rivers

I urge CALFED to consider agricultural alternatives to water conservation instead of raising dams.

I support CALFED's proposed restoration goals for the Central Valley as ~~the~~ environmental protection is important for ~~the~~ future generation. However, we cannot solve the ecological problems caused by dams and diversions by building more dams and diversions.

Thank you for your time.

Sincerely,

HILDRETH CRUZ
