Lester Snow
Executive Director, CALFED
1416 Ninth Street
Sacramento, CA 95814

Dear Mr. Snow,

I oppose CALFED's plans to raise existing dams or building new off stream reservoirs. I am also opposed to CALFED's plan to raise Shasta Dam which would flood the upper segments of the upper Sacramento & McCloud rivers. Instead of building new dams and reservoirs I urge CALFED to support water efficiency, conservation and reclamation programs to use existing water supplies more efficiently.

I support CALFED's proposed restoration goals for the Central valley including the removal of Kesselbright Dam.

The problems caused by dams and diversions should not and cannot be solved by building more dams & diversions.

Thankyou for your consideration.

Sincerely, James Sturtevant
