Lester Snow
Executive Director, Calfed
1416 Ninth Street
Sacramento CA 95814

Dear Mr. Snow,

We are against the revised CALFED plan. We oppose the plan to increase water level in the Central Valley. Raising the Shasta Dam would flood segments of Sacramento and McCloud rivers.

We understand water in inefficiently used by California growers.

We also understand the constant raising and lowering of the rivers is detrimental

C-113014

to wild life and relating natural life.

We must look into other ways to ~~find~~ find water power possibilities. - like less water consumption for crops, By using water meters.
