Cal Fed Bay Delta Program
1416 - 9th St., Rm. 1155
Sacramento, Calif 95814
State Clearinghouse # 96032083

To whom it may concern:

More fresh water flowing through the Bay needs to be ~~restored~~ flowing to restore habitat & the environment. It is essential that we implement more aggressive water conservation practices before CALFED decides if it should build more dams & expand existing reservoirs. These actions will cost us taxpayers more money & further degrade the Bay-Delta ecosystem.

Please invest in more water efficiency before deciding to build new dams & expand reservoirs.

Sincerely,

Cathy Carpenter
