SEP 1 3 1999

Lester Snow
Executive Director CALFED
1416 Ninth Street
Sacramento, CA 95814

Dear Mr. Snow,

We cannot solve the ecological problems caused by dams by building more dams! Please consider expanding conservation, water efficiency and reclamation programs to stretch existing water supply instead of building new dams.

I'm out at a beautiful river right now and hope that generations to come will be able to enjoy the natural beauty California has to offer. CALFED's proposal concerning water storage in

856(2)

the central valley concern me.

Thank you for your consideration.

Sincerely,

Julie Sivila
