Mr. Steve Ritchie, Acting Executive Director
CalFed Bay-Delta Program

Dear Mr. Ritchie,

I protest most strongly. Cal-Fed must allow adequate time to review 6500 pages of double-speak to find your true adjenda. 30 days for review & comment is a slap in the face of the public who has worked YEARS to solve our water problems. What are you hiding? Why the rush with this final document that will be irreverible? It only confirms my suspisions that you intend to do us Farmers great harm. You are NOT acting in the best interest of the people of California

Warm Regards, Rick Veldstra
