Re: Final Programmatic EIS/EIR

Dear Mr. Ritchie

I am writing to ask you to extend the time to read and comment on the Finial Environmental Report released July 21. I also believe Cal-Fed should hold public hearings on the plan.
Cal-Fed needs to move fast to increase surface water storage, such as damming smaller streams to accommodate increasing population and environmental needs.
Drought will take a serious toll on California's environment and economy unless new storage with additional yield comes on line soon.

Sincerely
John A. Rohr
