Dear Ell[illegible]

Enclosed is the reworked version of the [illegible] description for project 1676. It has been done [illegible] elite typewriter and just barely fits into the [illegible] except for about 4 [illegible] the upper right [illegible] corner. There seems to be enough space at the [illegible] of the first [illegible] date [illegible]

If the [illegible] just leave off [illegible]

If you need to shorten the title [illegible] the second [illegible] omitted [illegible] read Real Land Conservation and Dust Abatement [illegible]

Hope [illegible]

Sincerely

Alan
