CUWA PAC 7/7/94

1. Task 2 - decided not to pursue Delta Ag Drainage as an alternative - will examine whether pursuing other alternatives makes sense if don't pursue reducing Delta Ag Drainage

2. Tech. Memo 4 - Pesticides + Toxicity
Updated SWP Sanitary Survey
Conclusion - many pesticides detected in major tributaries, but detected below MCL's
Concern is that some pesticides occur where there are not yet MCL's

3. Mass loading -

D-036540
