CALFED Conservation Strategy Table of Contents

Assignments

Section	Title	Written by	Prelim. Draft Due Date	Reviewed by	Due Date
	Introduction to each chapter	Toyon	End of first review session		
1:	Introduction	Toyon to review	2/5/99		
1.1	Purpose of the Conservation Strategy	Toyon to review	2/5/99		
1.2	Scope of the Conservation Strategy	Ron Rempel	2/5/99		
1.3	Conservation Goals Approach	Toyon to review	2/5/99		
1.4	Take Authorization	Toyon to review	2/5/99		
2:	Species and Habitat Types/Natural Communities Addressed in the Conservation Strategy	JSA	2/19/99		
3:	Conservation Goals and Objectives	Mike Fris w/ Jeff Single	3/12/99		
3.1	Species Goals				
3.2	Relationship of Species Goals to Recovery Plans				
3.3	Goals for Habitats				
3.4	Targets for Achieving Goals				
3.5	Changes in Goals with Time				
4:	Program Actions that May Affect Covered Species and Their Habitats	CALFED (Danae Aitchison	2/12/99		
4.1	CALFED Program and Actions				
4.2	Staging of Program Actions				
5:	Effects of CALFED Actions and Conservation Measures	JSA	3/19/99

6:	Relationship of Conservation Strategy to Non-CALFED Projects	Danae/Dana/ Donna	2/19/99		
6.1	Non-CALFED Projects that May Affect Species				
6.2	Distinction Between Effects of CALFED and Non-CALFED Projects				
6.3	Implications for Evaluation of CALFED Actions and Conservation Measures				
7:	Process for Compliance with Federal Endangered Species Act, California Endangered Species Act, and Natural Communities Conservation Planning Act	CALFED (Danae) w/ JSA	2/5/99		
8:	Monitoring and Reporting	Mike Fris to contact Pete Stein et al.	2/5/99		
8.1	General Requirements				
8.2	General Process				
8.3	Specific Requirements for Take Authorization				
9:	Adaptive Management	Mike Fris to contact Pete Stein et al.	2/5/99		
9.1	Monitoring of Conservation Strategy Goals				
9.2	Staging				
10:	Assurances	Ron Rempel	2/5/99		
11:	Implementation	To be determined by Policy Team	Needed by 2/19/99		
11.1	Implementation of Conservation Strategy				
11.2	Scheduling				
11.3	Monitoring of Implementation and the Use of Adaptive Management				
11.3	Implementation Responsibility and Oversight				

D-050522

D-050522

12:	Funding	CALFED	2/19/99		
15.1	Requirements for Adequate Funding				
15.2	Estimated Effort				
15.3	Potential Integration with Other CALFED Actions				
15.4	Cost Estimate Scenarios				
	Tables				
2-1:	Covered Species	JSA	2/19/99		
2-2:	Habitats of Covered Species	JSA	2/19/99		
4-1:	Summary Programmatic Action Outcomes for the Ecosystem Restoration Program for all Regions and the Water Quality and Levee System Integrity Programs for the Delta Region	JSA	DONE		
5-1:	Effects of CALFED Actions/Conservation Measures on Species and Habitat Types/ Natural Communities	JSA	3/19/99		
7-1:	Relationship Between CALFED Program Characteristics and the requirements of the Natural Community Conservation Planning Act (NCCPA)	CALFED (Danae) w/ JSA	2/5/99		
7-2	Relationship Between CALFED Program Characteristics and the Requirements for Incidental Take Permits Pursuant to California Endangered Species Act (Section 2081)	CALFED (Danae) w/ JSA	2/5/99		
	Appendices				
A:	Overview of Federal Endangered Species Act, California Endangered Species Act, and Natural Communities Conservation Planning Act (cited in Chapter 1)	DONE			
B:	Species Considered but Not Included in the Conservation Strategy (cited in Chapter 2)	JSA	2/5/99		
C:	Species Accounts (cited in Chapter 2)	JSA	2/26/99		
D:	List of Program Actions for Each CALFED Program (cited in Chapter 4)	DONE
