Environmental View of B2

WQCP obligations do not count as part of B2.

ESA obligations (both Biological Opinions and Incidental Take) do not count as part of B2.

(Oct-Sep) B2 is measured by the annual reduction to CVP deliveries and storage after meeting the obligations present in 1992, the WQCP ~~after~~ and ESA.

An Agressive banking program for unused B2 water at the end of September to be used in the following year is in place.
