D-061172

Water Quality Issues (con't)

- Mitigation and Improvement
  - Cross-channel operation
  - Flows
  - Source control
  - Exchanges
  - South Delta measures

CALFED BAY-DELTA PROGRAM

D-061173

D-061173

Water Quality Issues (con't)

- Actions may exacerbate water quality problems
- Ultimately a self-mitigating package is needed to improve water quality, fisheries protection and water supply.
- More emphasis on funding and specific actions for improvement of water quality
