Eugenia,

Thank you for the opportunity to review and provide comment regarding BDAC's proposed Draft motion. I apologize for preparing this in my own hand, but Mary and I were visiting family in Spokane thru the 14th and we're leaving for Phoenix, Az. tomorrow 3/17/00. I've read thru the material you've provided, jotting my comments as I read. Hopefully, you will have something to provide Mike & Sunne. We will be returning from Phoenix on March 26th. If you wish to call after that date, I should be home - (916-422-0831)

Thank you

Gene Andreucetti

P.S. I do support the notion of a preamble. Alex's has given us a good start. please note my comments on that as well.
