Re: CALFED Bay/Delta
cc: Tom Hannigan, Water Resources Director
1416 Ninth St. Sacramento, CA 95814

I urge you to use your position to help ensure a smarter course & a better future with the CALFed Program:

* Invest in Water efficiency programs! Not dams and more diversions! The population is exponentially exploding & the time to educate is NOW! We are running out, we must be more efficient. Put money into education + outreach + conservation. NOT dams or Reservoirs!

* Restore the remaining rivers, bays & estuaries! We must save what we hold dear. The suburban sprawl & urban impact need support to fight back!

* Improve Pollution limits And the public's right to know about drinking water quality
