Dear Gov. Davis,

Please support the CALFED Bay/Delta program, which will:

- improve water quality;
- invest in water movement efficiency for 7 y. + before considering new dams or reservoirs;
- restores rivers, bays & fisheries;
- limits pollution;
- stops studies of new dams and reservoirs (at taxpayer expense).

X

Let's not go ahead with dams. Rather, let's contribute to a sustainable water future: helping water quality, watersheds, fisheries, wildlife, and conservation.

Sincerely yours,

Nancy Mason
