To: Interested Party (See attached Distribution List)

From: Lester A. Snow  
Executive Director

Subject: Summary of Comments

Attached for your information, is a summary of comments received in response to the July 11, 1996 workshop on existing conditions, the No-Action Alternative, cumulative actions, and CALFED Bay-Delta Program's responses to those comments. The comments include both oral comments received at the workshop and written comments received at and following the workshop. The comments have been summarized and combined where appropriate. CALFED's responses reflect the most recent information available regarding the results of the project screening process.

CALFED will be publishing a report within the next month that will describe the final results of the process for including projects in the No-Action Alternative and cumulative impact analysis.

CALFED greatly appreciates your continued involvement in the CALFED process and strongly believes that your participation is critical to the success of the CALFED Bay-Delta Program. If you have any questions about or comments on the attached material, please contact Rick Breitenbach at 657-2666. Once again, thank you for your continued interest and participation.
