Dear MR. Hannegan,

I have written Gov. DAVIS, and I am writing you, to ask you to support the CALFED BAY/DELTA PROGRAM and to ENSURE THAT IT

1) MAKES WATER EFFICIENCY #1 priority

2) Restores rivers, bays, fisheries

3) Improves water quality

4) Puts a moratorium on studies for new dams and reservoirs.

Respect and efficient usage of water are what's needed, not more ~~wa~~ water

Yours Truly,
Jay F. Cagnina
