CALFED BAY-DELTA PROGRAM

Public Comment

Date 7-29-99

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

As a second generation native californian, with family living in the San Francisco Bay area for over 50 yrs I have seen the changes in the bay and our waterways - Increasing fresh water flows into the Delta + Bay are very important to me. Wasteful irrigation systems cannot be tolerated - agri business must be made responsible in their water use - and should pay for expenses incurred if and when new reservoirs or dams are created.
