Dear Mr. Snow,

Please consider this letter a response to the revised CALFED plan.

I oppose CALFEDS plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise Shasta dam would flood segments of the upper Sacramento and McCloud rivers. CALFEDS proposed sites offstream storage reservoir would require massive water diversions from the Sacramento River.

I urge CALFED to expand water efficiency, conservation, and reclamation programs to stretch our existing H_2O supplies instead

of building new dams.
Thank you for your
time and consideration;
