From: Lester A. Snow, Executive Director
CALFED Bay-Delta Program

Subject: Review of Handbook of Environmental Compliance for the CALFED Bay-Delta Program

Enclosed are selected sections of the draft Handbook of Environmental Compliance for the CALFED Bay-Delta Program (Permit Handbook) for your review and comment. These sections describe your agency's prospective role during Phase II and Phase III of the CALFED Bay-Delta Program, relative to compliance with environmental laws and regulations. These sections reflect the information discussed at your meeting, held earlier this year, with the CALFED Program staff. Also included for your information is the Introduction Chapter for the Permit Handbook.

We expect to finalize the Permit Handbook by the end of October and would appreciate receiving your comments by October 16, 1996. Comments may be sent to Wendy Halverson Martin at the CALFED Program Office. If you have any questions, please give Wendy a call at (916) 657-2666.
