Subject: CALFED Handbook -Forwarded

Forwarded Mail received from: Douglas Kleinsmith

The CALFED Env. Compliance Handbook shows which regulatory agencies must approve each of the possible Bay-Delta Action Categories. Pat Welch found that this table needed correcting for cultural resources compliance (attached). Reclamation is listed as a regulatory agency for certain components where another agency may have to get a right-of-way permit from us for construction. This is ok as a guide for who has to do what. The description of Reclamation's

jurisdiction and duties adequately describes what we may do,  
since  
the description is so general.

Doug:

I've attached my comments on the Environmental Compliance  
Handbook.

Please give them to Penny with your comments.

Thanks,  
Patrick
