Date: September 20, 1996

To: Interested Participants (See Attached List)

From: Lester A. Snow, Executive Director
CALFED Bay-Delta Program

Subject: Hydrologic, Operational and Regulatory Assumptions for Existing Conditions and The No-Action Alternative

You are invited to attend a meeting on September 27, 1996 to discuss major hydrologic, operational, and regulatory assumptions that need to be developed for the CALFED Programmatic EIR/EIS existing conditions and No-Action Alternative. The meeting is scheduled for 9:00 a.m. - 12:00 p.m. in the CALFED offices, Room 1147 of the Resources Building, 1416 Ninth Street, Sacramento. Enclosed are the following materials:

- Agenda
- Table comparing major operational and regulatory assumptions for other recent programs
- Preliminary draft DWRSIM assumption sheet for the CALFED existing conditions scenario
- Preliminary draft DWRSIM assumption sheet for the CALFED No-Action Alternative
- Preliminary list of other variables that need to be discussed for the CALFED existing conditions and No-Action Alternative scenarios

Please review the enclosed materials in advance of our meeting and be prepared to provide input on the hydrologic, operational and regulatory assumptions for the CALFED Programmatic EIR/EIS.
