**SUBJECT: REQUEST FOR EXTENSION OF COMMENT PERIOD - CALFED EIS/EIR**

Dear Mr. Breitenbach:

The Sacramento Regional County Sanitation District is currently reviewing the CALFED Bay-Delta Draft Programmatic EIS/EIR and plans to submit comments on the document.

The extensive amount of information contained in the document and the concern of the District that some of the identified alternatives may have significant impact on the District and its future operations has led to this request for a minimum sixty (60) day extension for submitting comments on the Programmatic EIS/EIR.

Given the importance of the issue which the CALFED Bay-Delta Program is attempting to address, it is important that sufficient time be given to potentially impacted parties and for the public to prepare meaningful comments on the Programmatic EIS/EIR.

I respectfully request your consideration of this request. If you have any questions regarding this request I may be reached at (916) 874-8239.

Sincerely,

ROBERT F. SHANKS  
District Engineer
