Dear Executive Director Snow:

Butte Environmental Council requests that CalFed extend the comment period for the Draft Programmatic EIR/S by 75 days. We are working to review and prepare comments on this document. Given the breadth and complexity of the issues addressed in the CalFed process, the other demands of the CalFed process, as well as the length of the document, we believe that the current comment period is unrealistic.

We urge you to respond as soon as possible. Thank you for considering the request.

Sincerely,

B. Vlamis
