Re: Comment Period Extension

Dear Executive Director Snow:

We are asking you to please extend the comment period for the Draft Programmatic EIR/S for an additional 75 days. The current comment time period is insufficient to allow review of the complex issues addressed in this lengthy document.

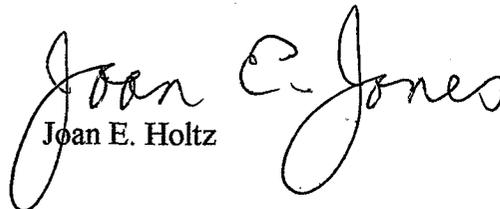

Also, we are requesting that you extend the overall timeline for the entire CalFed process to accommodate a longer public comment period.

We appreciate your immediate consideration of our request.

Sincerely,

Donald R. Holtz

Joan E. Holtz
