Comment

APR 23 1998

Date 4/15/98

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

Any development that takes water from Northern Calif.
rivers to send to Southern Calif. is a mistake.
The water is needed here, for drinking, for wild life
and to maintain our environment. also, providing
low-cost water in large quantities for agriculture, while
homeowners pay higher prices is wrong.
