Date April 22nd, 1998

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

Conservation is the real solution to our Bay-Delta problems. Please implement measures which do not include more canals, storage reservoirs, dredging or water diversion. Instead, stop making taxpayers foot so much of the water bill for large corporate farms. I support a solution that promotes water saving programs on our farms and in cities. The only sustainable way to replenish the Bay and Delta is to use less water!
