Comments:

I Am. A Nevada County citizen, I believe
that this country's economy is directly tied to
our water. It is my understanding that one
in 12 jobs in this county is related to Agriculture
The CALFER process provides NO ASSURANCES for.

- ① Our water rights, both surface and ground will be protected or that our county point of origin rights will be maintained
- ② That water storage will be increased before a canal will be built it ship it south.

Our water is AN ~~important~~ ^{important} resource and I implore you
