Lester Snow
Col. Fed. Bay - Delta Program

Dear Mr Snow,

I am writing to express
my strong opposition to any
construction which would
enlarge existing dams or
build new dams and canals.

No peripheral CANALS -

Don't expand Shasta Reservoir -
We can't afford them and
they damage the environment

Instead I strongly support
~~the~~ increasing water use efficiency,
restoration of habitat and
stream flows -

Fixing the damage we've done
should take much higher priority
over creating more damaged
destruction - - ~~Frankly~~

We must also spend our money
to reclaim and restore
the severe damage that has
been done to central valley
watersheds -

Please keep me informed of
your position & final recommendations

Sincerely,

Jeff Mischkin
