Dear Executive Director Snow: JUN 0 2 1998

I urge you to ensure that CalFed creates and selects a "Smart Alternative" (a fourth alternative) based on con-
serva-
tion and restoration to provide reliable, high-quality water for California's people and wildlife.

The "Smart Alternative" would:

- * restore and protect our watersheds and groundwater basins
- * ensure effective conservation programs and economic incentives to use our water more efficiently
- * maximize water efficiency before even considering costly new dams, reservoirs and canals
- * restore California's fish, birds, wetlands, rivers, delta and bays

Please enter these comments into the formal record for your Draft Programmatic Environmental Impact Report and Statement. *PROFIT MAKING IS NOT THE*

Thank you, *ONLY WAY TO PROMOTE WATER CONSERVATION*

John Linden
