Comments:

I am a citizen in Plumas/Sierra County. Our economy is directly tied to our water. I know that one in 10 jobs in our county are related directly to ~~ag~~ agriculture. The Cal Fed process scares me, for there are no assurances that:
 1) Our water rights, both surface and ground will be protected or that our county point-of-origin rights will be maintained;
 2) That water storage will be increased before a canal will be built to ship it south.

Both of these issues need to be put into a new plan in order to use our tax dollars wisely and fix California's water problems over-
