

**PUBLIC WORKS AGENCY  
TRANSPORTATION DEPARTMENT  
Traffic and Planning & Administration**

**MEMORANDUM**

April 30, 1998

**TO:** Resource Management Agency, Planning Division  
Attention: Kim Hocking

**FROM:** Robert B. Brownie, Principal Engineer *RBB*

**SUBJECT:** Review of Document 98-35  
Draft Programmatic EIS/EIR  
CALFED Bay-Delta Program

The Transportation Department did not receive a copy of the Draft Programmatic EIS/EIR to review. This project is a cooperative effort by fifteen state and federal agencies with regulatory and management responsibilities in the San Francisco Bay-Sacramento/San Joaquin River Bay-Delta ecosystem to develop a long-term plan to restore ecosystem health and improve water management for beneficial uses of the Bay-Delta system. We offer the following comments:

- 1) This project would not have any adverse impact on the County's Regional Road Network. Therefore, this project would be consistent with the County's General Plan transportation policies.
- 2) Our review of this project is limited to the impacts this project may have on the County's Regional Road Network.

Please call me at 654-2080 with questions.
