## Give Us Your Input!

JUN 15 1998

Public input from thousands of Californians has already helped shape the CALFED Bay-Delta solution. However, there are many significant issues that still need to be decided. Please fill out this form and tell us what you think is important when developing an equitable, feasible and durable Bay-Delta solution.

### Comments:

As a farmer raising almonds and walnuts in Butte County all CalFed alternatives concern and alarm me. CalFed my county will be impacted financially by this decision.

Two issues must be addressed by CalFed; (1) protection of surface and ground water and point of origin rights and (2) Storage capacity must be increased either by raising dam levels or constructing new facilities.

These issues must be addressed before the CalFed process continues further.

Use additional sheets if necessary.
