## Give Us Your Input!

Public input from thousands of Californians has already helped shape the CALFED Bay-Delta solution. However, there are many significant issues that still need to be decided. Please fill out this form and tell us what you think is important when developing an equitable, feasible and durable Bay-Delta solution.

## Comments:

I am a citizen and business person in Butte County. Our economy is directly related to an available water supply. The CALFED process could have far reaching affects upon Northern California. My concerns are as follows:

1. Our water rights, both surface and ground, will be protected.

2. Will water storage be increased before a canal will be built to ship it south.

Use additional sheets if necessary. Both of these issues must be included in a final plan to really fix California's water problems.

Please clip out this form, fold, staple and return to:

CALFED Bay-Delta Program  
1416 Ninth Street, Suite 1155  
Sacramento, CA 95814

All comments will be immediately forwarded to CALFED technical staff and comments relating to the draft programmatic EIS/EIR will be addressed in a response to comments document.
